

Glass markers

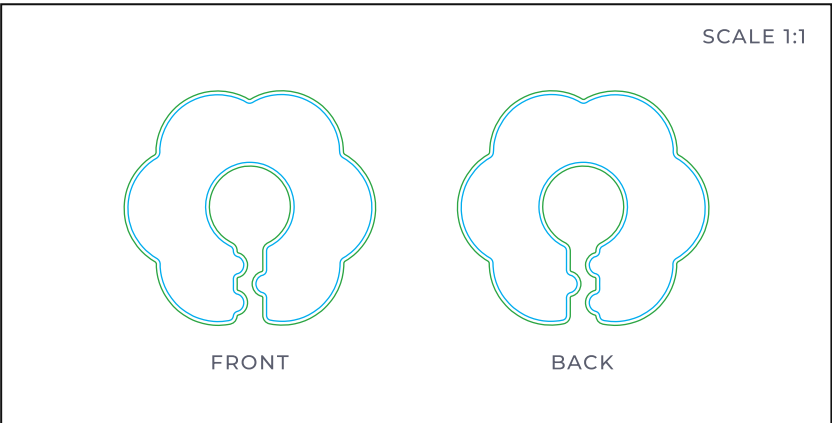

3D-NAP-02

The shape on the template is only an example. Every product can be made in a custom shape and size to match your design. The template shows how to prepare the file: areas, margins and places for decoration.

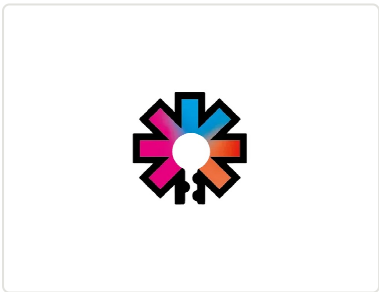

A larger or unusual design is possible too – we will discuss it individually and match it to production capabilities.

DIMENSIONS

-  **33 × 31 mm**
Product outline
-  **32 × 30 mm**
