

Bottle openers

3D-NAP-03 · Side variant

The shape on the template is only an example. Every product can be made in a custom shape and size to match your design. The template shows how to prepare the file: areas, margins and places for decoration.

A larger or unusual design is possible too – we will discuss it individually and match it to production capabilities.

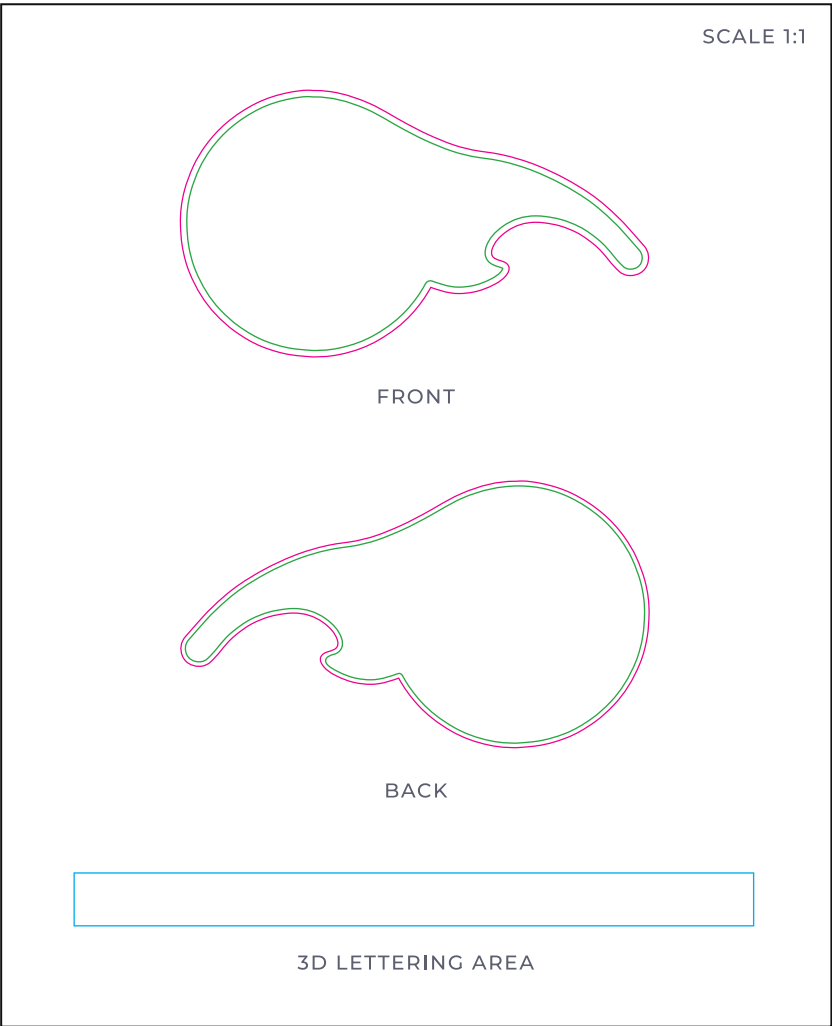

DIMENSIONS

- 62 × 35 mm

Product outline
- 61 × 34 mm

Full design area
- 7 mm

Height of the 3D lettering area (length depends on the shape)
