

Shoelace charms

3D-ODZ-03

The shape on the template is only an example. Every product can be made in a custom shape and size to match your design. The template shows how to prepare the file: areas, margins and places for decoration.

The suggested maximum size (grey dashed line) is a guideline, not a strict limit. A larger design is possible too – we will discuss it individually and match it to production capabilities.

DIMENSIONS

- 30 × 19,5 mm**
Product outline
- 18,3 × 18,3 mm**
Safe area for the textured design
- 30 × 10 mm**
Design area without texture, in a single colour
- 30 × 19,5 × 3 mm**
Suggested maximum product size
