

Can openers

A can opener that protects nails – in any shape, with a print and an optional NFC chip.

How it works

01

Hook

Slide the tip of the opener under the ring pull for a steady grip.

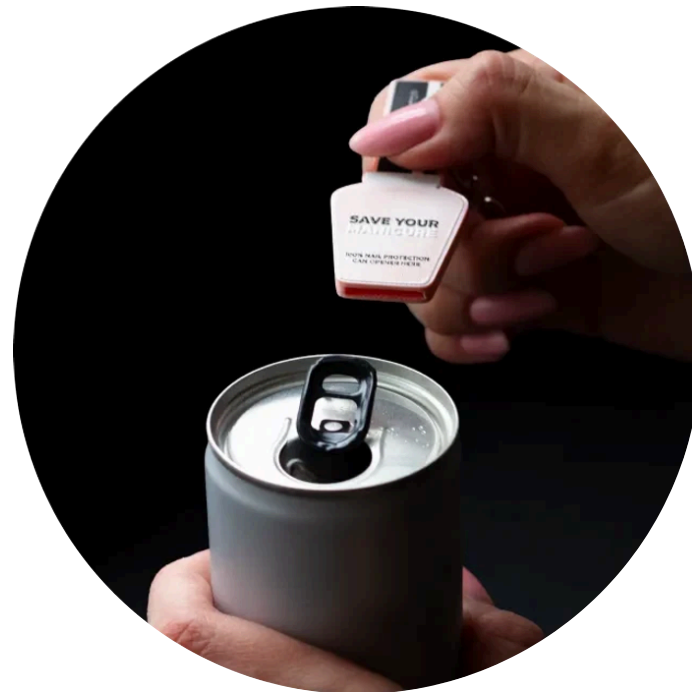

02

Lift

Gently lift the opener – the can opens without using your nails.

03

Done

Enjoy your drink – effortlessly and without risking your nails.

From idea to finished product

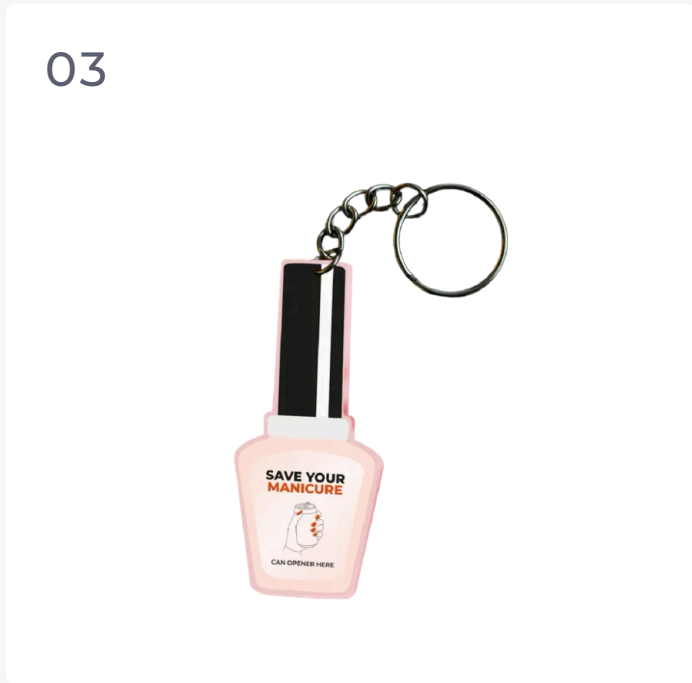

The shape can be designed individually and matched to the brand, a product or a theme.
